

Future Pathways

Post-16 Opportunities Festival

As your child approaches the end of Year 11, they'll soon be making important decisions about what comes next.

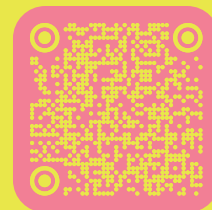

Future Pathways has been created to help students and parents explore the full range of opportunities available after GCSEs by bringing colleges, sixth forms, apprenticeship providers, universities, employers and training organisations together in one place.

Whether your child already has a clear plan or is still considering their options, attending Future Pathways together will give you the opportunity to ask questions, compare different pathways and speak directly with organisations that can help shape their next steps.

At the event you can:

- Meet education and training providers
- Learn about apprenticeships and vocational routes
- Explore sixth forms and colleges
- Speak to universities and employers
- Receive impartial advice and guidance
